APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

ate of filing in State Engineer's Office	APR 2 6 1965
eturned to applicant for correction	
orrected application filed	Map filed APR 2 6 1965
The applicant Lester C.	Mathews
•	, County of Lincoln
ate ofNevada	, hereby makes application for permission to change th
Point of Diversion	
water heretofore appropriated underAppli	cation and Permit No. 19346
(Identify existing right by Permit, Certificate, Proof or C	laim Nos. If Decreed, give title of Decree and identify right in Decree.)
	round (Name of stream, lake or other source.)
The amount of water to be changed	2.6 c.f.s. (Second feet, acre feet.)
. The water to be used forirriga	tion -
• •	(If for stock state number and kind of animals.)
	tion (If for stock state number and kind of animals.)
. The water is to be diverted at the following poi	. on on on o
OF at a point from which the SE cor Describe as being within a 40-acre subdivision of public survey and	mer of said Sec. 6 bears S 85° 31! E a distandary by course and distance to a section corner. If on unsurveyed land, it should be stated
of at a point from which the SE corposcribe as being within a 40-acre subdivision of public survey and of 7.52.0 feet. The existing point of diversion is located within	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated n NE 2 SE 2 Sec. 6, T. 2 S., R. 68 E., M.D.
of at a point from which the SE corposcribe as being within a 40-acre subdivision of public survey and of 752.0 feet The existing point of diversion is located within or at a point from which the SE corporate of diversion of public survey and the diversion of diversion	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated n NE2 SE2 Sec. 6, T. 2 S., R. 68 E., M.D. ner of said Sec. 6, Bears S. 12° 55' 16" E sion is not changed, do not answer.)
of at a point from which the SE corposcribe as being within a 40-acre subdivision of public survey and of 752.0 feet The existing point of diversion is located within or at a point from which the SE corporate of 1931.17 feet	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated n NE 2 SE Sec. 6, T. 2 S., R. 68 E., M.D. mer of said Sec. 6, Bears S. 12° 55' 16" E sion is not changed, do not answer.)
of at a point from which the SE corposeribe as being within a 40-acre subdivision of public survey and of 752.0 feet The existing point of diversion is located within or at a point from which the SE corporate (If point of diversion a distance of 1931.17 feet	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated n NE2 SE2 Sec. 6, T. 2 S., R. 68 E., M.D. ner of said Sec. 6, Bears S. 12° 55' 16'' E sion is not changed, do not answer.)
of at a point from which the SE corresponds to the second secretic as being within a 40-acre subdivision of public survey and the of 752.0 feet The existing point of diversion is located within or at a point from which the SE correct (If point of diversion a distance of 1931.17 feet Proposed place of use No chan (Describe by	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated in NE 2 SE 2 Sec. 6, T. 2 S., R. 68 E., M.D. mer of said Sec. 6, Bears S. 12° 55' 16" E sion is not changed, do not answer.)
or at a point from which the SE corposeribe as being within a 40-acre subdivision of public survey and the of 752.0 feet The existing point of diversion is located within or at a point from which the SE corposed adistance of 1931.17 feet Proposed place of use No chan (Describe by	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. If on unsurveyed land, it should be stated in NE 2 SE 2 Sec. 6, T. 2 S., R. 68 E., M.D. mer of said Sec. 6, Bears S. 12° 55' 16'' E sion is not changed, do not answer.)
of at a point from which the SE corposeribe as being within a 40-acre subdivision of public survey and of 752.0 feet The existing point of diversion is located within or at a point from which the SE corposed a distance of 1931.17 feet Proposed place of use No chan (Describe by	ner of said Sec. 6 bears S 85° 31' E a distant by course and distance to a section corner. APPROVAL O	F STATE ENGINEER	
This is to certify that I have examined the foregoing ap	oplication, and do hereby grant the same, subject to the	
following limitations and conditions:		
	t of diversion of the waters of	
an underground source as heretofore g		
subject to the terms and conditions i		
with the understanding that no other		
by the change proposed herein. The w		
opening, an air line and a weir or ot	her type of measuring device atopr	
near the well to facilitate the measu	rement and control of the water.	
If well is flowing, a valve must be i	nstalled and maintained to prevent	
waste. The State reserves the right	to regulate the use of the water	
under this proposed change at any and	all times.	
The amount of water to be changed shall be limited to the	amount which can be applied to beneficial use, and not	
to exceedcubic	feet per second but not to exceed a	
yearly duty of 5.0 acre-feet per acre	of land irrigated from any and/or	
all sources. Actual construction work shall begin on or before	March 17, 1966	
Proof of commencement of work shall be filed before		
Work must be prosecuted with reasonable diligence and be co		
Proof of completion of work shall be filed before	•	
Application of water to beneficial use shall be made on or bef		
•		
Proof of the application of water to beneficial use shall be file		
Map in support of proof of beneficial use shall be filed on or	before April 17, 1969
